PERSONAL PROJECTS

Barber X (React Project)
- https://github.com/stiliyangospodinov/BarberX
- A Single Page Application (SPA) for barbershop, built with ReactJS. It integrates with SoftUni's practice server for handling backend functionality.

Dimensional Nutrition (Angular Project)
- https://github.com/stiliyangospodinov/Dimensional-Nutrition
- A Single Page Application (SPA) for managing nutritional supplements. Built using Angular, with Firebase for the database and authentication features.

Home Cooking Recipes (Node.js Project)
- https://github.com/stiliyangospodinov/Home-Cooking-Recipes
- A recipe management system using Node.js and MongoDB for server-side processing and storage.

Portfolio (React Project)
- https://github.com/stiliyangospodinov/Portfolio
- Single Page Application (SPA) portfolio built with React, leveraging Firebase for data management and hosting. Showcases projects, skills, and experience in a modern, responsive design.
